

Licenses & Certificates

ALYVRA Pharma Private Limited operates under a structured and compliant regulatory framework aligned with Indian pharmaceutical regulations and international pharmaceutical trade standards. Our licensing and certification structure supports compliant participation in the global pharmaceutical, nutraceutical, dermatology, and surgical equipment supply ecosystem, ensuring regulatory transparency and operational integrity.

Our approach to pharmaceutical regulatory compliance, international pharmaceutical trade licenses, and global healthcare compliance reflects adherence to established regulatory authorities governing pharmaceutical exports from India.

Regulatory Licenses & Compliance Framework

Importer Exporter Code (IEC)

Issued by the [Directorate General of Foreign Trade \(DGFT\)](#), the Importer Exporter Code (IEC) is a mandatory requirement for pharmaceutical export regulations and international trade operations. This certification enables compliant participation in global pharmaceutical trade compliance and cross-border healthcare supply chains.

Pharmaceutical Regulatory Authorization

Compliance is maintained in accordance with the [Central Drugs Standard Control Organization \(CDSCO\)](#), India's national regulatory authority for pharmaceuticals. This alignment supports pharma licensing standards, pharmaceutical export standards, and regulatory approvals for pharmaceutical exports, ensuring conformity with nationally recognized drug control regulations.

Nutraceutical Regulatory Compliance

Nutraceutical products fall under the regulatory scope of the [Food Safety and Standards Authority of India \(FSSAI\)](#). This compliance framework ensures nutraceutical regulatory

approvals, nutraceutical quality compliance, and adherence to food safety and supplement regulations applicable to international markets.

Medical Device & Surgical Equipment Compliance

Medical devices and surgical equipment are governed by India's regulatory framework under the [Medical Devices Rules, India](#). This alignment supports surgical equipment compliance in pharma, medical device regulatory standards, and recognized pharmaceutical industry licensing norms.

Regulatory Integrity & Global Alignment

ALYVRA Pharma Private Limited maintains a compliance-driven structure aligned with:

- Global pharmaceutical trade compliance
- Compliance with international pharmaceutical standards
- Pharmaceutical trade licenses and certifications
- Regulatory licensing in pharma
- Dermatology product regulatory standards
- Global healthcare compliance frameworks

This regulatory alignment supports engagement across international healthcare markets while maintaining transparency, documentation accuracy, and adherence to applicable pharmaceutical export regulations.

Commitment to Compliance

Our licensing and certification framework reflects a consistent commitment to pharmaceutical regulatory compliance, international pharmaceutical trade licenses, and responsible participation in the global healthcare ecosystem. Regulatory documentation and certifications are maintained in accordance with applicable Indian laws and internationally recognized compliance expectations.
